

## EMPLOYMENT PARTNERS

*Bridging Employment Opportunities for Underserved Communities*

Many companies are vying to recruit and retain qualified staff to meet and/or exceed their business needs. And, the decline of business profitability and sustainability is inevitable without reliable resources.

Virtuous Enterprises, Inc. (VEINC) a nonprofit organization devoted to creating pathways to economic independence for underserved women and girls of the Washington region through training and development can meet your staffing needs to strengthen your business **Performance**. When you become our **Employment Partner**, you connect our clients to opportunities to achieve self-sufficiency for themselves and their families. When we become your **Staffing Agent**, we provide you with the best candidates to diversify your hiring options to meet your employment goals.

VEINC strives to decrease and eradicate employment barriers for our clients that are vulnerable to the cycle of poverty. And, we accomplish this goal by establishing partnerships with local businesses that believe in 'social' investing to strengthen the vitality of their surrounding communities.

---

### Partnership Opportunities

VEINC can help you achieve your employment goals

---

- **Volunteer/Probono Partner** – Long-term employment gaps create obstacles to gainful employment for our clients. However, their employment gaps can be the pipeline to highly-skilled, motivated individuals to support 'understaffed' or under-budget projects.
- **Contractual Service Partner** – Outsource your 'hard-to-fill' entry- and mid-level administrative positions to lower your recruitment expenses, and improve the diversity of your workforce.
- **Permanent Employment Partner** – Transition our 'probono' or 'contractual' clients to full-time employees, or hire our clients that have the skills to meet your employment needs.

---
